Message from the President

Dear Hinds Community College Community:

As I reflect on more than 60 years of service in education as a teacher, coach and administrator, I am thankful for the opportunity to work for the students for all these years. I grew up in a home where my father was a minister, and I learned quite early in my life that if you want to be the greatest, be a servant. We have infused that philosophy into everything we do at Hinds. The college exists to serve students and the communities in Hinds, Rankin, Warren, Claiborne and Copiah counties. It is my sincere hope that you have experienced that commitment in your interactions with caring, competent faculty members and support staff.

As the state's largest community college, we have experienced significant growth over the years as we have expanded our programs and offerings to reflect the needs of employers and our state. What hasn't changed is our desire to help individual students meet their educational and career goals.

Your connection with the college doesn't have to end once you leave our campus. The Hinds Foundation and Alumni Association welcome your involvement in college life, and we hope to see you back on campus for special events regularly. In fact, many of you have benefited from the work of these organizations through a scholarship from alumni, professional or community organizations, employers and friends of the college. Those scholarship pools speak to the value of a Hinds education to the community and the close relationships we have been fortunate to foster among our alumni and friends.

In closing, allow me to express how happy I am that you have chosen to entrust Hinds Community College with your education. Hinds still offers the same life-changing experience as it did when I attended a Mississippi community college more than 60 years ago. I encourage you to actively participate in campus life, from honorary student organizations to athletics. Make the most of your opportunities at Hinds, and I guarantee that you will reap the benefits for many years to come.

Sincerely,

Clyde Muse

Letter From the Editor

Anthony B. Smith Jr. (A.J.)
Yearbook Editor/Student Worker

My Hinds Community College experience:

The first day I stepped into the Public relations office, I assumed that I was called upon a mission to help out the Yearbook editor. I did not realize that I was going to become the Yearbook editor. Needless to say, the Public Relations department is filled with wonderful people whom I shall never forget. They have made my college experience exciting. There were times where I had a bad day and my only wish was to come to work and see all these beautiful people making hard work seem fun. From jokes to fumbles or tragic fails to hilarious memories, this department felt like home. As far as the yearbook goes, I could not have finished it without the help of all the Hinds Community College students, faculty, and staff members. First, I want to give special thanks to Lauren Cook for encouraging and complementing me on my work. She was the sole reason that I came to find a new family in the public relations department, as she was the one to accept me into it. I want to give special thanks to Melanie Boyd, Tracy Duncan, Tammi Bowles, and David Mora for their outstanding photography. I do not know what I would have done without all of your time and hard work. Special thanks to Cathy C. Hayden for making sure that I had everything I needed, helping me connect to people I needed, and being a great advisor. Special thanks to you for all of your help rather big or small.

I am a proud Eagle and I encourage you to step outside of the norm box and strive to be yourself. The world can never have enough of you. So … BE YOU!

Thank you.
